

Federal State Budget Scientific Institution  
“North Caucasian Federal Scientific Center of  
Horticulture, Viticulture, Wine-making”

**INTERNATIONAL SCIENTIFIC CONFERENCE**  
“DIRECTED TRANSFORMATION OF ALIMENTARY RAW  
MATERIALS IN THE PRODUCTION OF FOODSTUFFS, FOOD AND  
BIOLOGICALLY ACTIVE ADDITIVES, ENSURING QUALITY CONTROL  
AND SAFETY”

**THE FIRST INFORMATION MESSAGE**

Dear colleagues!

We invite you to participate in the work of the international scientific conference “Directed transformation of alimentary raw materials in the production of foodstuffs, food and biologically active additives, ensuring quality control and safety”. The conference will be held online from 14 to 15 of April 2022 on the territory of The North Caucasian Federal Scientific Center of Horticulture, Viticulture, Wine-making, Russia, Krasnodar, 40-letiya Pobedy str., 39.

***The issues under consideration of the conference:***

- Biotechnological and physicochemical methods of transformation of alimentary raw materials in food production;
- Development of technologies for the production of food and biologically active additives;
- Development of methods for quality control, safety and identification of alimentary raw materials, foodstuffs, food and biologically active additives;
- Biotechnological and physicochemical methods used in the storage of alimentary raw materials and foodstuffs.

The format of the conference events is online.

The conference materials are proposed to be published in the collection of scientific papers **Web of Conferences** (France), indexed in the scientometric databases CPCI (Web of Science), CNKI and Google Scholar. Please send us materials of presentations by 20 of February 2022.

Requirements and the cost of publication in the **Web of Conferences** proceedings will be sent later. Please send us materials of the presentations (articles) on [kubansad@kubannet.ru](mailto:kubansad@kubannet.ru) with a note “Forum”. The title of the file should begin with the name of the first author and the title “publication in the Web of Conference proceedings”. The conference languages are Russian and English. The start of electronic registration of conference participants will be announced later.

*Editorial board would reserve the right to modify texts and reject articles, which do not match the subject of the conference or if they are incorrectly designed.*
